Alcohol Questionnaire**

This is a questionnaire about alcohol use. We want you to tell us about yourself and your thoughts about other students. You will not be asked to give your name or any other identification—this is an anonymous questionnaire and your identity is protected. Only group statistics will be reported. Please read each question carefully. There are no “right” or “wrong” answers, just choose whichever answer you think is closest to the truth. This questionnaire is voluntary. If you do not wish to respond to a question, you may leave it blank and continue. Thank you for participating.
